United States Code Annotated

WILLFUL INFRINGEMENT FOR PROFIT.--Any person who willfully and for profit shall infringe any copyright secured by this title, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year or by a fine of not less than \$100 nor more than \$1,000, or both, in the discretion of the court.

PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

Hill Directory Company, Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the New Bern Directory since 1961), presents to subscribers and the general public, this, the 1962-63 edition of the New Bern City Directory, which includes Bridgeton, Country Club Heights, James City and Rural Route Residents.

Confidence in the growth of New Bern's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting New Bern to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the New Bern Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyer's Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like New Bern, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of New Bern, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the

800168 gift, 2 items Mrs. C. C.

Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of New Bern and vicinity.

The New Bern Out-of-Town City Directory Library

Through the courtesy of the publishers of the New Bern City Directory, a Directory Library is maintained in the offices of the New Bern Chamber of Commerce and Retail Merchants Assn, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY
Publishers.

NEW BERN

CENTER OF HISTORY—PIVOT OF PROGRESS

(Courtesy New Bern Chamber of Commerce)

This is the land where much of our history had its beginning, centered about New Bern, North Carolina's second oldest town, Colonial Center for business, culture, and political activity, the site of many of our "firsts." It is also a land of jet planes, trim modern boats, great modern highways and buildings—a land where the pulse of Eastern North Carolina's great new era of development is strongly evident.

New Bern looks two ways, a fact which accounts for the stability and sound character of progress which is evident here. Important strides have been made in the development of the area's mineral, timber and agricultural resources. Diversification in agriculture and industry have dominated this growth. Yet, while New Bern's aggressive citizens push on toward greater progress in business, agriculture and industry, they have kept a firm grip on the cherished traditions of their rich history, preserving the best of the past for themselves, their descendants, and for welcomed visitors who come here from throughout the world.

Tryon Palace, called "the most beautiful building in the Colonial Americas," was built in pre-Revolutionary days by Royal Governor William Tryon as North Carolina's first fixed Colonial Capitol. Later it became the first Capitol of the State. Four State Governors were inaugurated there. Restored authentically by the Tryon Palace Commission, a State Agency, through gifts and bequests of the late Mrs. James Edwin Latham, and furnished with mid-18th century antiques, at cost of more than \$3,500,000, it is considered one of America's greatest showplaces. During the first 39 months it was opened to the public it attracted over 100,000 admiring visitors from all 50 states and 55 foreign countries.

New Bern is a sight-seer's paradise. Here are over 100 homes a century or more in age, many of which are open to visitors during Garden Club Pilgrimages. The John Wright Stanly home, now a free library, is open daily. The Firemen's Museum (awarded the only prize by the American Association for State and Local History for the preservation of antiquities in 1957), Attmore-Oliver House, William Gaston House, Masonic Temples and nearby Fort Macon add points of interest.

Historic Tryon Palace erected 1767-70, destroyed by fire February 27, 1798, restored 1952-59. First Colonial and State Capitol in North Carolina and considered the most beautiful building of its day.

Few cities anywhere afford more complete transportation than New Bern. By air, Piedmont Airlines maintains 9 scheduled flights from Simmons-Nott Airport daily, with 3 north bound, 2 south bound, 2 east bound, 2 west bound, giving New Bern "the best, most frequent air service of any small city in the country." New Bern Air Service offers air taxi service, G I approved flight school for commercial pilot training, rental of air craft, aviation gas sales and

Aerial View of New Bern

Historic John Wright Stanly Home, now a public library. President Washington spent two nights there in 1791.

aviation maintenance. National U-Drive-It automobile facilities available at airport.

Three railroads—Norfolk-Southern, Atlantic Coast Line and Southern serve the area. Three important highways, U. S. 17, U. S. 70 and N. C. 55, intersect here. The home office for Seashore Transportation Company is here and numerous Motor Freight Lines have offices and warehouses.

Barbour Boat Works Inc.— construction and repair of steel and wooden vessels. Propeller reconditioning plant, five marine railways—30 to 1,200 tons, marine supplies, marine salvage.

Water commerce provides freight advantages enjoyed by few cities. New Bern is served by both the Neuse and Trent Rivers, with a minimum 12 foot channel which connects directly with the Intra-Coastal Waterway and the North Carolina State Deep-sea Port Terminal at nearby Morehead City.

New Bern Chamber of Commerce

Barbour Boats Inc., Pleasure Craft, manufacturer of pleasure boats up to 22 feet.

As County Seat of Craven County, New Bern draws many patrons from the county and neighboring counties. Its population was 11,815 by official count in 1940, with 16,467 population count in 1962. The inviting allure of the Neuse and Trent River Shores homesites has attracted many citizens, thereby creating an exodus of families adjacent to the city. Greater New Bern population, 19,096. The county official census in 1940 was 31,298, the official count in 1960 was 58,773. More than 250,000 people reside in the trading area.

There are 65 manufacturing establishments employing 2,004 workers who receive manual wages of more than \$6,000,000. The annual operating cost of the Marine Corps Air Station at Cherry Point is \$76,000,000 of which 75 % is represented in payrolls. County retail sales were in excess of \$60,271,434 in 1961.

New Bern's three banks (with branches in the county), and three Savings and Loan Associations with resources of more than \$407,158,000 gives this area a sound financial basis for expansion.

Current industrial establishments include factories for making men's trousers, ladies' dresses, one commercial boat manufacturer, two builders of pleasure craft, six lumber mills, three plywood factories, cement block plant, awning and tent manufacturing company, boat trailer plant, feed mills, grain elevator, fertilizer plants, livestock market, curb market, meat packing plant, frozen foods locker, pickle plant, chicken hatchery, two milk pasteurization plants, ice cream factory, five bottling plants, patent medicine firms and printing firms.

Since July 1, 1947, New Bern has had the city manager form of government with a Mayor and City Manager, and one Alderman from each of the five wards. The City Manager, Chief of Police, City Clerk-Treasurer and Tax Collector are appointed by the Board of Aldermen. Craven County is governed by a board of five Commissioners representing various parts of the county with two from New Bern.

Property in the county was valued for tax purposes (50 % of market value) Jan. 1, 1962 at \$75,000,000 of which \$28,200,000 was in New Bern.

Fifteen State and Federal District Offices are located in New Bern.

Sudan Shrine Temple has its home here, with members as far west as Durham. A \$150,000 Shrine Auditorium has been erected next to the Shrine home and is available for public programs. A \$300,000 Temple is used for offices and semi-annual reunions of Scottish Rite Masons. Meetings are also held here frequently by New York Rite Masons and affiliated bodies.

Located here are St. Luke's Hospital for white, Good Shepherd for Negroes, a 161 bed Craven County hospital, now under construction, and the County Hospital Home. The City-County Health Department has a modern health center.

Numerous churches are in and around New Bern and there are many religious, benevolent, patriotic and civic organizations.

The Sun-Journal publishes two editions of its daily newspaper. There are two local radio stations, WHIT and WRNB. Nearby, are two television stations serving the area with a primary signal, one NBC, the other CBS. Muzak offers a source of background music that is used by major companies throughout America.

Hundreds of new homes have been built with suburban residential sections expanding rapidly. There are two low-rent housing projects, one for white, the other for colored.

Recreation is unlimited, the broad, beautiful waters of the Neuse and Trent Rivers provide the perfect setting for boating, fishing, swimming, skiing and other water sports. In addition, North Carolina's popular beach resorts are but a short distance away. There is excellent hunting in season.

New Bern people love fun, and their recreation is varied: golf at the Country Club, tennis and other outdoor sports may be enjoyed in the mild climate. There is a well organized year-around municipal recreation program, as well as lively social and civic life.

New Bern High School

Excellent hotels, motels, restaurants and dining rooms, together with cordial hospitality is fast making New Bern into a convention and tourist center.

Seven elementary and two high schools, with exceptional faculties, give college preparatory courses plus vocational-trade and technical training. The school plants are modern in every respect and a constant building program has been under way for the past several years. The rural schools have modernized their plants in the past five years and are excellent in every respect. New Bern with 58 % and Craven County with 43.27 % of its graduates entering college rank among the highest in North Carolina.

The world's largest Marine Corps Air Station at Cherry Point with its thriving civilian settlement at fast growing Havelock, is in the eastern part of Craven County, greatly strengthening the economy of the entire area. Camp Lejeune, largest all-purpose Marine Corps ground base, is in nearby Onslow County.

Commodore Boats, Incorporated, 16 to 35 foot outboard and inboard cruisers.

Simmons-Nott Airport, New Bern, North Carolina, serving National and Piedmont Air Lines.

New Bern wears its long honored career of 252 years well. Its tradition of hospitality and genuine friendliness is experienced by every visitor whether he comes as a tourist or a business man, whether as a casual visitor or to make his home here, he will receive a warm genuine welcome to the "Land of Enchanting Waters."

★

Do your employers furnish you with
the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by

showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.

HILL'S NEW BERN

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1962-1963

Including Bridgeton, Country Club Heights
and James City

Copyright, 1962, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc. does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy
as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or
street.
Routing salesmen to avoid lost motion in reaching
prospects.
Locating residents of hotels and apartment buildings,
many of whom are listed nowhere else.
Identifying names and titles of officials, for use of
salesmen.

CREDIT REFERENCE (*and Collections*)

Running down delinquent debtors.
Checking credit applications as to address, moving
habits, names of employers, stability of employ-
ment, family status, neighbors, whether owner
or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social ser-
vice and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete
delivery of mail.
Effecting delivery of messages and parcels errone-
ously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and
establishing facts as of a certain date.
